Dear Parent(s)/Guardian(s):

Miami-Dade County Public Schools (M-DCPS) has long prioritized the social, emotional and mental well-being of students. As per guidelines established by the state legislature and M-DCPS School Board Policy 2410, the district provides various mental health services to support students. In particular, the Department of Mental Health Services was established in July 2018 to enhance the coordination of school and community resources, as well as to deliver evidence-based mental health services, which includes prevention and support to our students.

School-based mental health professionals support all district K-12 schools. Our district has a number of school-based mental health professionals who are uniquely trained to support our students. These professionals include school counselors, TRUST counselors, EBD Clinicians, social workers, psychologists, Student Services Support Specialists, and Mental Health Coordinators. The district also utilizes outside resources to provide an additional layer of support. Through a referral process, this includes community agencies who offer more specialized support for students based on their specific needs.

School-based mental health professionals provide counseling and services which enhance mental wellness and support students' personal and social development as well as address barriers that impede student success.

These services include the following:

Targeted Interventions

- Individual Counseling
- Group Counseling
- Family Counseling
- Mental Health Assessment (non-emergency)
- Referrals to contracted agencies and other community mental health services, as needed

Intensive Interventions

- Individual Counseling
- Collaboration and Coordination of Services
- Wraparound Collaboration and Support
- Risk Assessments, as needed

When a school based mental health professional initiates service or there is a change in service for your child, you will be notified by school personnel at which point you can withhold consent or decline the specific service. In addition, the district will continue to provide emergency health services to students when necessary. If you have any questions about the services or support your child is receiving, please contact the school. If you have any concerns about your child's mental health, please contact the Parent Mental Health Assistance Line at (305) 995-7100.

Sincerely,

Dr. Marlene Leyte-Vidal

Estimado(s) padre(s) de familia/tutor(es):

Las Escuelas Públicas del Condado Miami-Dade (M-DCPS) han priorizado durante mucho tiempo el bienestar social, emocional y mental de los estudiantes. De acuerdo con las normas establecidas por la legislatura estatal y la Política 2410 de la Junta Escolar de M-DCPS, el distrito proporciona varios servicios de salud mental para apoyar a los estudiantes. En particular, el Departamento de Servicios de Salud Mental (Mental Health Services) se estableció en julio de 2018 para mejorar la coordinación de los recursos escolares y comunitarios, así como para brindar servicios de salud mental basados en evidencias, los cuales incluyen la prevención y el apoyo a nuestros estudiantes.

Los profesionales de la salud mental del sistema escolar asisten a todas las escuelas del distrito desde el kindergarten hasta el 12º grado (K-12). Nuestro distrito cuenta con un equipo de profesionales de salud mental ubicados en las escuelas, los cuales están capacitados de manera única para apoyar a nuestros estudiantes. Estos profesionales incluyen consejeros escolares, consejeros de TRUST, médicos especializados en EBD, trabajadores sociales, psicólogos, especialistas en apoyo de servicios para estudiantes y coordinadores de salud mental. El distrito también utiliza recursos externos para proporcionar ayuda adicional, a través de un proceso de remisión que incluye agencias comunitarias que ofrecen un apoyo más especializado para los estudiantes, basado en sus necesidades específicas.

Los profesionales de salud mental de las escuelas brindan asesoramiento y servicios que mejoran el bienestar mental y apoyan el desarrollo personal y social de los estudiantes, al mismo tiempo que abordan las barreras que impiden el éxito de los estudiantes.

Estos servicios incluyen los siguientes:

Intervenciones específicas

- Consejería individual
- Consejería de grupo
- Consejería familiar

- Evaluación de salud mental (no en casos de emergencia)
- Remisiones a agencias contratadas y otros servicios comunitarios de salud mental, según sea necesario

Intervenciones intensivas

- Consejería individual
- Colaboración y coordinación de servicios
- Colaboración y apoyo integral
- Evaluaciones de riesgos, según sea necesario

Cuando un profesional de salud mental ubicado en un centro escolar inicia el servicio o hay un cambio en el servicio para su hijo, el personal de la escuela le notificará en qué momento puede negar el consentimiento o rechazar un servicio específico. Asimismo, el Distrito continuará ofreciendo servicios de salud de emergencia a los estudiantes cuando sea necesario. Si tiene alguna pregunta sobre los servicios o el apoyo que su hijo está recibiendo, por favor, comuníquese con la escuela. Si tiene alguna inquietud sobre la salud mental de su hijo, comuníquese con la Línea de Asistencia de Salud Mental para Padres (Parent Mental Health Assistance Line) al (305) 995-7100.

Atentamente,

Dra. Marlene Leyte-Vidal

A special programming series for children ages two to five!

You'll be surprised what your littlest learners can discover when they join us for our special Mini-Me Science sessions, designed for children ages two to five. At Mini-Me Science, you can work together with your emerging Einstein to observe scientific phenomena, conduct experiments, and create science-inspired art.

Mini-Me Science sessions take place the second Sunday of every month from 10:30 a.m. - 11:30 a.m.

Sunday, October 9: Digging for Dinos

Ready to roar? Help us search for lost dinosaurs while we explore the work of paleontologists and archeologists. Through this special guided experience, your little one will discover what it is like to be a paleontologist by searching for items from the past. We will dig and explore until every dinosaur has been discovered.

Sunday, November 13: Fall in Love with Chemistry

Join us to carve out some fun this season. You and your little one will learn about chemical reactions through a very volcanic eruption. We will explore common reactions, use our senses to learn what chemicals are reactive, and conduct our own pumpkin volcano experiment.

[REGISTER NOW](#)

Mini-Me Science sessions last approximately 60 minutes, with a 30-minute hands-on activity followed by a 30-minute guided museum exploration in one of our exhibitions. All children must be accompanied by an adult (maximum of two adults per child). For more information, please click [here](#).

*Children ages two to five only. **Museum admission must be purchased separately to participate.** Older siblings may participate for an additional registration fee per sibling. Walk-up registration on the day of the event is based on space availability.*
